

SS1 ICT Assignment Projects

Topic: Digitalization of Data

1. Converting Manual Records to Digital Records

Objective: To help students understand how paper information can be converted into digital form.

Assignment Instructions:

- Create a manual record of 10 students on paper containing: Name, Age, Class, and Gender.
- Convert the same information into a digital format using Microsoft Word or Microsoft Excel.
- Save the file with the name: Student_Record_Digitalization.

Materials Needed: Exercise book, Computer, Microsoft Word or Excel

What Students Will Learn: Difference between manual and digital data, Data entry, File saving and organization

2. Digital Photo and Audio Collection

Objective: To teach students how images and sounds are stored digitally.

Assignment Instructions:

- Use a phone or computer to take 5 pictures.
- Record a 1-minute audio introduction of yourself.
- Transfer the files into a folder on a computer named: Digital_Media_Project.
- Write a short note explaining what digital data is and how pictures and audio become digital files.

Materials Needed: Smartphone or computer, Flash drive (optional)

What Students Will Learn: Digital images, Audio files, File storage and management

3. School Data Processing System

Objective: To demonstrate how schools use digital systems to process information.

Assignment Instructions:

- Interview a teacher, librarian, or school staff member.
- Find out how the school stores student information.
- Write a 2-page report explaining the meaning of digitalization of data, advantages of digital data in schools, and problems of keeping only paper records.
- Add at least 3 examples of digital devices used in data processing.

Materials Needed: Notebook, Computer for typing (optional)

What Students Will Learn: Real-life application of digitalization, Importance of ICT in schools, Data management systems

Additional Class Activity

Ask students to list 5 examples of analog data and 5 examples of digital data.

Example:

Analog: Printed newspaper

Digital: PDF newspaper
